

MAINTENANCE

ALPHA PENETROIL

QUICK ACTION PENETRATING OIL, FOR RUST PARTS

DESCRIPTION

ALPHA PENETROIL is a fast-acting product that contains special oils and solvents to remove and protect against rust, salts, carbonate deposits, etc.

This liquid product, has excellent penetrating ability and it dissolves deposits of old lubricants. It can also penetrate into the rust, and lubricate even oxidized surfaces.

APPLICATION

ALPHA PENETROIL is suitable for all metals. Due to its lubrication abilities, it will help reduce friction and loosen mechanical parts (such as nuts and bolts) so that they can be easily removed. It can be used as a cleaning agent for effectively remove tars, greases, rust, and adhesives.

ALPHA PENETROIL will create an "oily" film protecting the metal surface from corrosion.

USE AND DOSING

Apply **ALPHA PENETROIL** by brush or by spraying.

PRODUCT PROPERTIES

It is highly recommended to always test all cleaner solutions on a small area of the object to be cleaned, before full scale application. General Instructions: Avoid spillage, splashing and mishandling. Precautionary measures for body protection are strongly recommended before and during use.

Appearance:	Liquid	pH:	N/A
Type:	Organic based	Pour Point:	< - 15°C

- ✓ Lubrication & protection of metal parts
- ✓ Effective against corrosion
- ✓ Non-toxic
- ✓ Biodegradable
- ✓ Safe & easy to use

PROBLEMS SOLVED

- ✓ Rust
- ✓ Scale deposits

APPLICATION AREAS

- ✓ Machinery parts
- ✓ Nuts
- ✓ Bolts
